March 15, 2023

Brother Knights,

We as Knights of Columbus are called by God to serve a higher purpose. As servants who have been chosen to serve His people, Brothers, you have answered that call! You continue to celebrate the worth and dignity of every human being in the State of Ohio. By your continued support of the Measure Up program, our funding of agencies, programs and schools throughout Ohio, which provide service to our citizens of Ohio with developmental disabilities, continues to grow and deliver its purpose.

In 2022, Measure Up has raised an astonishing \$270,470. In this report, you will see 3 key takeaways for a successful campaign. The first is participation. When every council participates, even if only a small donation, this adds up quickly. The second is street collection. Even though cities and businesses have begun limited permits, this remains to be the top income generator at 58% of the total funds raised. Therefore, if you can increase these partnerships, many benefit considerably by this effort. Third, council fundraisers. Many councils have brainstormed new ideas, especially with overcoming the challenges of 2020-21. Each diocese in 2022 increased their fundraising efforts and doubled the amount over last year. That is amazing work brothers!

Thank you for proving the relentless passion and care for our “flagship” charity for the Ohio Knights! On behalf of our State Deputy, I would like to acknowledge your service and declare our gratitude for all you do to serve those in need!

Fraternally,

Christopher Sarka
State Warden
2022-23 Measure Up Chairman
